BIG RECEPTION FOR SCHROEDER

Britain Takes New Steps To Defend Coast

Summons Additional 250
Thousands Men To The
Colors; New Problems

By FREDERICK KUH
London, July 6.—(UP)—Britain today summoned 250,000 more men into the army and took new, drastic steps to defend the coast, keep the navy open for troops and conscription in preparation for a German invasion.

For the defense of the British Isles, 250,000 men were already in the army. Almost 3,000,000 were in the "home guard" and every economic resource was being thrown into the fight against the enemy.

Constant Rain of Bombs
German air raiders were dropping bombs on the British countryside almost constantly now, although the damage was said to be slight, casualties few and the defense system improving. This morning the German bombers were blasting at the southeast coast. One bomb fell in the grounds of a factory, another damaged some houses. Only one minor casualty was reported. British fighters shot down one German bomber and chased others at sea.

But while the British stood firm on the home front, they faced new problems throughout the far-flung empire. The British commonwealth of nations was fighting alone now. It had the additional job of hunting down French warships throughout the world, and blockading the French coast to keep goods from reaching Germany.

Gibraltar had been bombed, although without effect. Italian troops were making inroads into the Anglo-Egyptian Sudan; difficulties with Japan were imminent over the shipment of goods to Nationalist China; and conditions were uncertain at most French possessions, including French Indo-China, from where British ships now were barred.

One Hazard Eliminated
The seizure or destruction of a large part of the French fleet had eliminated one hazard—the possibility of Germany and Italy getting the ships—but the battle for French warships at Oran, Algeria, had aroused the hostility of France's Premier, Marshal Philippe Petain and his government, and raised the necessity for Britain to redistribute her fleet.

It was officially announced at Oran today that as a result of the British naval attack, the French battleships Dunkerque, Dretagne and Provence, and the destroyer Mordane were aground and badly damaged and that 1,000 French sailors were dead, wounded or missing.

The naval action, and intensified air raids on Germany have evidence that the British were moving to the offensive while strengthening the home defenses. An air ministry communiqué late yesterday said that during Thursday night and yesterday the British had bombed the German naval bases of Wilhelmshaven and Danzig.

Thoroughly sold on "army life," they report the food excellent, plenty of opportunities for sports and for learning a trade. Paul plays center field and left field on the baseball team. They participate in bowling and other sports, also.

Germans Plan Blitzkrieg Air Offensive

Questioned

Caesar Kroeger (above), 35, described by police as a former member of the German-American Bund, was arrested in New York on charges of violating the Sullivan anti-fascist act by defecating in the bomb explosion which killed two detectives at the New York world's fair.

Gilman Youth In Critical Condition

Gilman, July 6.—(UP)—Patrick, 14-year old son of Mr. and Mrs. David Ziegler of Gilman, a patient in Iroquois hospital at Watseka with injuries sustained when he was run over by an automobile. He has a fracture of the left forearm, crushed vertebrae, an injury to the pelvis and numerous abrasions, also possible internal injuries.

The accident occurred when he fell from an automobile driven by David Ziegler and owned by Hil Dutt. He was riding on the fender when the car slowed down to stop. He apparently lost his balance and fell under the wheel. Front and rear wheels on one side passed over his body.

This occurred on highway 49 not far from CCC Camp Gilman, where he was given first aid treatment.

George Nemitz Is Held For Larceny

George Nemitz, 57, of 418 South Fifth avenue was arrested at 8:55 o'clock Friday evening by Officer Joseph Mathews in the 100 block on North Schuyler avenue on a charge of larceny.

He is accused of taking a large electric lantern from the auto of Warren Kile of Bradley on the night of June 22 and pawning it for 50 cents.

Two Detroit youths, Ed Dranginis, 18, and Russell Gottamelat, 19, were picked up by Detective Don Bleau at the used car lot at Hickory and East avenue Friday afternoon when they attempted to sell a tire off the car they drove.

They were brought to the police station where a check by police radio revealed they took the car of the former's father, Adam Dranginis, without his permission and drove it to this far where they ran out of gas. Having no money they determined to sell parts in order to continue a trip to visit an aunt in Mt. Vernon, Ill. Adam came for the boys this morning.

Their quarters and go to instruction classes at 8 a. m. They have callisthenics and a small amount of drill. Leisure time extends from 4:30 p. m. to 9 p. m. daily. The men get Wednesday afternoons off and have inspection every Saturday morning. They are released from duties until Monday morning. They have attended a number of military funerals, furnishing firing squads. Junior Holder is another Kankakee man at Rock Island arsenal. He is stationed with the 20th ordnance company. This summer the troops will go to Camp Sparta, Wis., to participate in maneuvers along with other regular army units.

New Enrollment
Sgt. William G. Reilly, recruiting officer stationed at the arsenal, announced enlistment today of a Manteno youth, Russell J. Bedore, 18, who is on his way to Brooks field, Tex., where he will join the air corps.

Six-Day Aerial Bombardment Of British Isles

Stockholm Sources Say
Nazi Invasion May Be Attempted Afterward

By JOE ALEX MORRIS
United Press Foreign News Editor
Germany and Italy increased the tempo of their war of nerves and aerial bombardment against Great Britain today in a reported plan for a blitzkrieg air offensive within the next 10 days.

Adolf Hitler, returning from field headquarters to a vast organized celebration in the daily decorated streets of Berlin, was said by Nazi sources in Stockholm to have approved plans for a six-day aerial bombardment of the British Isles by 3,000 airplanes, including new models with "surprising, death-dealing instruments."

Only after six days of continuous bombardment in which glider bombers are used will the axis powers attempt to deal with the British Isles by invasion or otherwise, these dispatches asserted.

Regardless of whether the Stockholm reports are an example of Nazi frankness such as has been demonstrated in the past, the reports left no doubt that the Germans and Italians are throwing the "war of nerves" into high gear with propaganda, threats and war preparations on a huge scale accompanied by persistent small scale aerial bombardment of the British Isles.

Axis Powers Preparing
The dates and details for the offensive against Britain may vary but both Berlin and Rome were preparing feverishly for the blow they have threatened and one extremely important development was announced by a Swedish spokesman that permission has been granted for Germany to ship war materials—across Sweden to Norway.

Further, Fascist Foreign Minister Count Galeazzo Ciano was enroute to Berlin for conferences on Sunday with Hitler and other high Nazi officials, after which it was hinted he might go to the front (presumably in western Europe) from which the offensive against Britain will be launched. Italians repeatedly have said they would participate in the attack.

For the time being, the intensified war of nerves and the submission of Sweden to Nazi demands—demands that may cause greater interest to Soviet Russia in the north overhauled developments in the aerial war in western Europe, a naval conflict in the Mediterranean and land fighting in Africa.

Air Raids Continue
In the air, Britain and Germany continued to trade powerful blows in daylight and night bombing raids on enemy objectives, with the Nazis seeking to soften up the British Isles for the blitzkrieg and the British hammering with high explosives at German bases and supply lines in an effort to break up the projected offensive.

Britain, which has some 5,000,000 men prepared for defense action and has created a 20-mile military zone on the south and eastern coasts, reported new royal air force raids on naval bases, including Kiel and Wilhelmshaven, and other targets. Germany, which also was striking at British naval bases such as Portland, reported much damage in scattered attacks, which continued today.

In the Mediterranean, where Gibraltar has been attacked at least four times by enemy planes which reportedly included the French, the

Finance Company Alleges Fraud

Two damage suits were filed today in the office of Circuit Clerk Albert Tetrault by the General Finance Corporation of Michigan against Edward and Gustave Wernholm, Helen Cromwell, Hugh Beall and A. E. Petro.

The first three defendants are named in both bills, while Beall is made a defendant in a \$1,000 action and Petro in a \$500 one. The cases are similar in that the plaintiff corporation asserts that the defendants entered into a conspiracy to defraud the firm by arranging transactions to indicate that Beall bought a car from Wernholm on March 8, 1939 and Petro, one on Jan. 26, 1939.

Conditional sale contracts were purported to be sold and the drafts were purchased by the finance company, but no autos actually were delivered, according to the bill. The attorney is Fred R. Smith Jr.

State Police Nab Fleeing Ex-Convict

Joseph Lowell Hoy, 29, one of two ex-convicts who attempted to pawn a stolen 22 caliber high powered rifle at Whitey's Truck Stop in Manteno late Friday afternoon, was captured by State Highway Officer James Zopf after a mile chase through a cornfield nearby. Hoy doffed his cap and changed shirts—from grey to white—as he ran in an attempt to confuse the officer.

The other man, Earl Basley, 30, who was released from Michigan City, Ind., state prison two weeks ago, got away when they broke and ran in different directions through the field.

Hoy, who resides at 2932 West Taylor street, Chicago, formerly served time in Pendleton, Ind., prison. He was brought to the city jail where a check by police-radio revealed that the car the pair used was stolen from Crown Point, Ind.

Hoy is held on an auto larceny charge awaiting arrival of the Crown Point sheriff.

British Blockade Of French Island Is Investigated

Washington, July 6.—(AP)—Secretary Hull reported today that the American nations jointly were gathering all possible information on the reported British blockade of the French island of Martinique in the Caribbean.

While he continued neither to confirm nor deny the reports that British warships had taken up stations around the island, the secretary of state told a press conference the reports were being studied in all phases in line with the hemisphere policy of continual consultation on all common economic, political and military problems. Such consultations, Hull asserted, are a means of defense against actual or threatened danger.

He said the question of establishing United States air bases in Latin America was one of 10, 20 or 50 problems which would be coming up as consultations moved forward.

Asked whether this country, in support of the Monroe Doctrine, might call the reported blockade of Martinique to the attention of the British and French governments, Hull replied that American nations had not yet gathered full information on the situation.

Another question asked was whether this country—after consulting other American nations—stood ready to seize British and French possessions in this hemisphere should Germany attempt to take them. Hull's reply was that we will have to cross those bridges when we come to them.

The secretary said he expected to attend a consultative meeting of foreign officers of the American republics July 20 at Havana.

Wilmington's Mayor 40 Years Summoned

Wilmington, Ill., July 6.—(AP)—Joseph C. Thompson, who for a better part of the past 40 years served as mayor of Wilmington, died last night. The body of the 75-year-old magistrate was found in his office shortly after midnight.

Always a picturesque person, Thompson circulated a letter in 1932 urging the people of Wilmington to recall the aldermanic form of government, abolish his office and substitute the commission form of municipal rule. He championed the change in the interest of economy. Thompson's wish did not prevail, however, and he continued in the first office of his community.

Thompson, a native of Wilmington, was not married. Two nephews and a niece survive him. Funeral services will be held Monday.

Kennedy To Speak At Manteno High

E. E. Kennedy of Kankakee and Washington, D. C., prominent farm leader, will speak next Tuesday evening at the Manteno high school auditorium at 8 o'clock. He has been a keen student of economics and government particularly in reference to agricultural matters for many years and is a former officer of the Farmers' union. His personal contacts and acquaintance with practically every national figure in and out of Washington give him a wide experience from which to draw in his public discourses.

The public is invited to attend the meeting.

DuPont Thyl Plant Near Baton Rouge Is Threatened

Baton Rouge, La., July 6.—(AP)—Three men carrying four sticks of dynamite were surprised as they attempted to enter the grounds of the DuPont thyl plant near Baton Rouge last night.

Sheriff Newman DeBretteau said the men escaped, leaving the dynamite behind them. Searches found evidence of fresh digging at the base of a fence around the plant. The dynamite was found just inside.

The sheriff ordered an extensive search. Bloodhounds were being used.

The huge storage tanks, where finished tetraethyl lead, ingredient in high grade gasoline, is stored, are near the point where the men apparently attempted to enter the plant.

At New Orleans, A. O. Rutzen, agent in charge of the federal bureau of investigation, said he had not seen notified of the occurrence by the Baton Rouge sheriff but would assign an agent to learn the facts and report to him.

A night watchman at the DuPont plant received a mysterious telephone call during the night, saying the caller, a froghunter, had seen two men digging at the fence. The informant, who did not identify himself, said he shouted at the men, whereupon a third appeared.

The watchman hurried to the scene, but the men fled as he approached.

Olmen estimate that one-third of all the tetraethyl fluid used in the highest-grade gasoline consumed in this country is produced at this plant. Valued at \$20,000,000, the plant was completed within the last two years.

This spring the city was thrown into temporary panic when huge explosions at the DuPont plant killed three workers and injured a score more. It was explained that a tank of Tetraethyl had become overheated.

CHARGE THREATS MADE

Laura Dear, colored, of 857 North Roosevelt avenue, was arrested last night by Officers Joseph Mathews and Jay Cahoon on complaint of George W. Tall, her brother-in-law, who charged she threatened to do him bodily harm. A hearing was set for today in police court.

Presidential Candidate Plans On Vacation In The West

New York, July 6.—(AP)—Wendell L. Willkie today chose Colorado as the site for his vacation and said he would leave for Denver on Tuesday.

Arrangements were made in a telephone conversation with Colorado's governor Ralph Carr, who was delegated to pick a "likely spot" for the Republican presidential nominee to stay for two weeks.

Willkie made this announcement as he resumed a conference with a 12-man sub-committee of the Republican national committee to map campaign plans and choose a 3-man board to direct his campaign.

Announcement of the board's makeup had been expected today, but Willkie said it would be withheld until he had conferred with his running mate, Senator Charles L. McNary of Oregon Monday in Washington.

"Any conjectures on my campaign plans are rumors and guesses," he added at an informal press conference, "because I have not decided anything yet."

Among those most prominently mentioned for the post of campaign manager, however, were Rep. Joseph W. Martin, Jr., of Massachusetts, house minority leader, and Samuel W. Fryer, Jr., Connecticut national committeeman.

Martin was Willkie's house guest overnight. This morning the candidate took Martin to the station to see him off on a Washington train.

Besides the campaign manager, the 3-man board would be composed of the national party chairman and a personal representative of Willkie.

The sub-committee, after meeting little more than an hour, adjourned until Tuesday, when it will resume discussions in Washington.

With Willkie, it agreed on two more members of a proposed 15-member executive committee for the campaign. Twelve had been chosen yesterday but the names of none were disclosed.

Holiday Death Toll Placed At 270 Third Day

BY UNITED PRESS
The nation counted a toll of 270 violent deaths as it entered the third day of the Fourth of July weekend, but safety experts were cheered by a reduction in traffic fatalities.

A United Press survey showed 122 deaths in highway accidents, 61 by drowning, 33 suicides, 4 in fireworks accidents, and 50 from other kinds of violence.

California was far ahead of other states with 42 deaths, of which 24 were traffic fatalities. New York and Washington counted 17 each, and Ohio and Pennsylvania reported 13.

The national safety council said the average of traffic deaths for the first two days of a four-day July holiday was 190, 38 more than were reported killed in the same period this year.

The council predicted that the total number of violent deaths for the week-end would be near 500.

Four deaths were caused by fireworks—two at Duquesne, Pa., one in Colorado and one in Maine.

Withdraw Charge Against Sam Rowe

Sam Rowe, 40, of Gardner, arrested yesterday morning by deputy sheriffs on a warrant, was released from the county jail yesterday afternoon when charges were withdrawn.

Members of the Union Hill baseball team said they were convinced there had been no larceny of proceeds from ticket sales at a picnic Thursday at Union Hill.

Rowe was in charge of a portion of the proceeds. Members of the ball club said he had receipts showing he had paid bills of the club for account for the funds in his care.

They said they were convinced the shortage of money was not a matter of larceny but a lack of ticket salesmanship.

The onboard motor stolen from the boat of W. H. Rolph of 178 West Station street was recovered yesterday by Officer Harry Balk in weeds along the south bank of the river.

New National Committeeman Is From Kankakee

Reception Will Be Tuesday Afternoon At The Hotel Kankakee

A county-wide public reception for Attorney Werner W. Schroeder, new Republican national committeeman from Illinois who is a native Kankakee and Mrs. Schroeder, will be held Tuesday afternoon from 2 to 5 o'clock in the gold room of the Hotel Kankakee.

As national committeeman, Mr. Schroeder has charge of the Republican national campaign in this state. He was elected to that high office by the 58 Illinois delegates to the recent Republican national convention in Philadelphia.

His new post is one of high honor and tremendous responsibility, especially in the current campaign when Illinois is likely to be the pivotal state in the election of a new President of the United States. His selection, therefore, is an acknowledgment of his great ability, the force of his influence and his prominence in the civic, professional and political life of Illinois.

Proud of him
This is the first time in the history of Kankakee county that anyone even remotely connected with it has been in such a position.

Mr. Schroeder, who through the years has maintained close association with the Republican leaders in this county, has had their active support in his rise to prominence in the political affairs of the state. Now, his friends and associates feel his new position is one in which the entire community may feel great pride, knowing that he will do his utmost to bring about the best possible results for the state.

Because he is a former Kankakee, and because he has for many years been active in Republican politics in this county through his close friendship with former Governor Len Small, Tuesday afternoon's reception is being arranged by the Republican men and women organizations of this county.

Everyone Invited
These organizations extend a cordial reception to every citizen. The occasion will be informal, friendly and businesslike. It is hoped that everyone who is watching the political affairs of the nation in these trying times.

Mr. Schroeder, now residing in Chicago, was born in Kankakee, the son of the Rev. and Mrs. Frederick Schroeder. His father died in 1916, was pastor of St. Paul Lutheran church for 33 years, highly esteemed and of great influence in the community. His mother died in 1933.

He graduated from St. Paul Lutheran high school, then obtained his legal education at the University of Michigan. He worked his way through college, beginning his association with former Governor Small by working in the latter's office as secretary of the executive committee during the summer. He likewise worked in his spare time at Ann Arbor during the school year.

Following his admittance to the bar he practiced law in Kankakee for several years, being a member of the firm of former Judge John Small, Luther B. Bratton and Schroeder.

He established his law office in Chicago a number of years ago. His legal and administrative ability was immediately recognized and he immediately built up a large clientele.

During the administration of Governor Small he was head of the Legislative Reference bureau, the agency which examines bills introduced in the general assembly for the purpose of determining their constitutionality.

Kankakee Boys, On Furloughs, Tell Why They Like Army Life

Paul Wesser, 20, son of Mr. and Mrs. Prosper Wesser of 1355 South Sixth avenue, who enlisted seven months ago in the 42nd ordnance company at Rock Island Arsenal, was home yesterday on a short furlough.

Both Paul and Robert Gable, another Kankakee boy who enlisted at the same time he did, have had two promotions with pay raises since they joined the army. Both now have specialist ratings in ammunition. Their studies are concerned principally with supply of ammunition.

Thoroughly sold on "army life," they report the food excellent, plenty of opportunities for sports and for learning a trade. Paul plays center field and left field on the baseball team. They participate in bowling and other sports, also.

Mother Of 4 Lists Many Acts Of Cruelty By Her Husband

Two bills of divorce were filed today in the office of Circuit Clerk Albert Tetrault.

Mrs. Marie Regnier of 310 West Court street seeks freedom from her husband Paul on grounds of extreme and repeated cruelty. They were married April 28, 1930 at Watseka and have four children, Deloris, 9, Shirley, 8, Paul Jr., 6, and Laura, 2.

They separated last Monday following an incident in which he is accused of seizing her by the arm, striking her to the ground, throwing her against the car, injuring her head and causing headaches for several days, following her to Alpiner park, attacking her again, choking her viciously, according to the bill.

Inhabited "Dives"
Last June 1 he is said to have attacked her, slapping her in the face, scratching her and causing great bodily harm. At various other

times, she charges, he kicked, scratched and beat the plaintiff. She also accuses him of failing to provide properly for his family, choosing to spend his money in "gambling resorts and dives of low character."

Mrs. Regnier asked alimony, custody of their children and an injunction restraining him from molesting her or the children. Charles W. Kurtz is the attorney.

Wife Deserts
Edwin A. Allen of St. Anne filed suit for divorce from his wife Grace on grounds of desertion. They were married July 6, 1923, at Jefferson City, Mo., and separated on April 11, 1930. The plaintiff alleges he obtained a job in St. Louis on that date but that his wife refused to move there to live and cohabit with him. They have two children, Lloyd, 15, and Russell, 13. The attorney is Ralph Brouillette of St. Anne.

French Warships Escape British; Gunboat Sunk

Arrive At French Naval
Base; Battleship Is
Reported Damaged

Grenoble, France, July 6.—A large battleship and a number of other French warships which escaped from the British in the battle of Oran were reported to have arrived today at Toulon.

Word came, however, of the sinking of two other French vessels. The newspaper Le Petit Dauphinois reported that the 26,000-ton battleship Strasbourg, five 7,000-ton cruisers of the Georges Leygues class, and a number of other destroyers, submarines, and torpedo boats, were sunk by the British. The fate of the crew was not ascertained.

Cruise Lost
The 1,378-ton destroyer Proudeur was attacked and sunk by two British cruisers after a two-hour battle off the island of Crete in the Mediterranean, British navy ministry announced.

The German wireless said the loss of 140 was the heaviest in three days. The date the Proudeur was sunk was not given, but it was reported to have been en route to a French port in execution of the terms of the armistice with Germany and Italy.

From Vichy, the French navy ministry announced that it had received information that the German navy would not be deterred for the present, in order that the remainder of the French fleet could be defended against attack.

CAR LOCATED
The auto of Dr. R. L. Benjamin of St. Anne, stolen Tuesday night, was found Friday afternoon by police in the 100 block on East Bourbonnais in Chicago.

MOTORIST FINED
Ambrose Brown of 250 North Illinois Avenue was fined \$7 in police court yesterday for driving past a red light in the business district.

**Mexican Government
Hopes For Orderly
Election Sunday**

Mexico City, July 6.—The Mexican government, reinforcing an appeal from President Lázaro Cárdenas for an orderly election, took extraordinary measures today to hold disorders to a minimum when an expected 3,000,000 voters go to the polls tomorrow to name Cárdenas successor.

The Mexican Mexican army—52,000 men—was kept in its barracks, except for small precautionary patrols, under orders to "be on the alert" until after the election. In Mexico City, about 3,500 men were stationed at military schools stood ready to support the 4,000-man police force in quelling partisan clashes which are expected to mark the voting.

Mexico City, July 6.—The Mexican government, reinforcing an appeal from President Lázaro Cárdenas for an orderly election, took extraordinary measures today to hold disorders to a minimum when an expected 3,000,000 voters go to the polls tomorrow to name Cárdenas successor.

The Mexican Mexican army—52,000 men—was kept in its barracks, except for small precautionary patrols, under orders to "be on the alert" until after the election. In Mexico City, about 3,500 men were stationed at military schools stood ready to support the 4,000-man police force in quelling partisan clashes which are expected to mark the voting.

Reported Damaged

Grenoble, France, July 6.—A large battleship and a number of other French warships which escaped from the British in the battle of Oran were reported to have arrived today at Toulon.

Word came, however, of the sinking of two other French vessels. The newspaper Le Petit Dauphinois reported that the 26,000-ton battleship Strasbourg, five 7,000-ton cruisers of the Georges Leygues class, and a number of other destroyers, submarines, and torpedo boats, were sunk by the British. The fate of the crew was not ascertained.

Cruise Lost
The 1,378-ton destroyer Proudeur was attacked and sunk by two British cruisers after a two-hour battle off the island of Crete in the Mediterranean, British navy ministry announced.

The German wireless said the loss of 140 was the heaviest in three days. The date the Proudeur was sunk was not given, but it was reported to have been en route to a French port in execution of the terms of the armistice with Germany and Italy.

From Vichy, the French navy ministry announced that it had received information that the German navy would not be deterred for the present, in order that the remainder of the French fleet could be defended against attack.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
